End-of-Life Notice

Product:	Model Name:	Model Number:
	BPG6615	92-506615-XXX

Purpose: In the PC marketplace, changes in technology and obsolescence of components dictate the life cycle of products. Unfortunately, this forces Trenton Systems into providing our customers with EOL notices. When such cases arise, we offer our customers the most flexible and supportive options in hopes of sustaining the longevity of their product. We understand the importance of this board to your product line and will make every effort to fulfill your requirements.

Timeline:

Effective EOL Date:	January 01, 2022
Last Time Buy Date:	Immediately – gone when gone
Last Time delivery:	3-4 weeks ARO as available

Submit your SBC or system product requirements as soon as possible.

Trenton Systems will accept based on component availability in the market from viable or approved suppliers a non-cancelable, non-refundable purchase order with scheduled deliveries with minimum order quantity, which will be dictated by market conditions. All deliveries must be completed by the last time delivery date noted above unless there are delays in production. The estimated delivery date could be up to 20+ weeks ARO.

Replacement: Trenton Systems continues to offer a complete product line of single-board computers, backplanes, and system solutions for your programs and applications. Visit our website for complete product details: www.trentonsystems.com

Call your account manager to discuss the best option for your requirements.

Thank you!
